Kappe Karton	Normal Carton	kr. 15,00	€ 2,00

In Denmark the authorities encourage to make prices as most transparent as possible. To meet this requirement, we will in future make the costs visible for Package.

A part of each order is cost for Pallets cartons etc. This Package cost will vary from order to order, depending of volume for each order.

If the order needs 2 pallet and 4 cartons package you pay for the value of 2 wooden pallets and 4 cartons
If it's a small order which only need 1 pallet and 1 carton you pay for the value of 1 wooden pallet and 1 carton.

Note: We charge no margin. You only pay our net cost for package.
This step prevent us to increase another 2 % on all our products.
